ROOTED IN RELIABILITY

BUILT TO LAST YEARS

Our current ZBooks undergo **120,000 hours of testing** including functional, electromagnetic, shock, vibration, acoustics, temperature, humidity, environmental compliance, and compatibility and integration.

FUNCTIONAL & SYSTEM INTEGRATION TESTING

ZBook components are tested using our **three-axis testing**—where frequency, voltage, and temperature are varied—to push the limits of processors, memory, and other system parts.

TESTED TO ENDURE 1000 WIPE CYCLES¹

All ZBooks are **designed to be wiped down** using many commonly available household disinfecting and cleaning wipes¹ using the HP cleaning guidelines.

CERTIFICATION FOR EVERY INDUSTRY

We **work closely with independent software vendors** (ISVs) to help ensure that the most popular **applications are thoroughly tested and certified** to work on Z by HP products.
